Coupe Health Microsite Provider Finder Guide - HealthPro

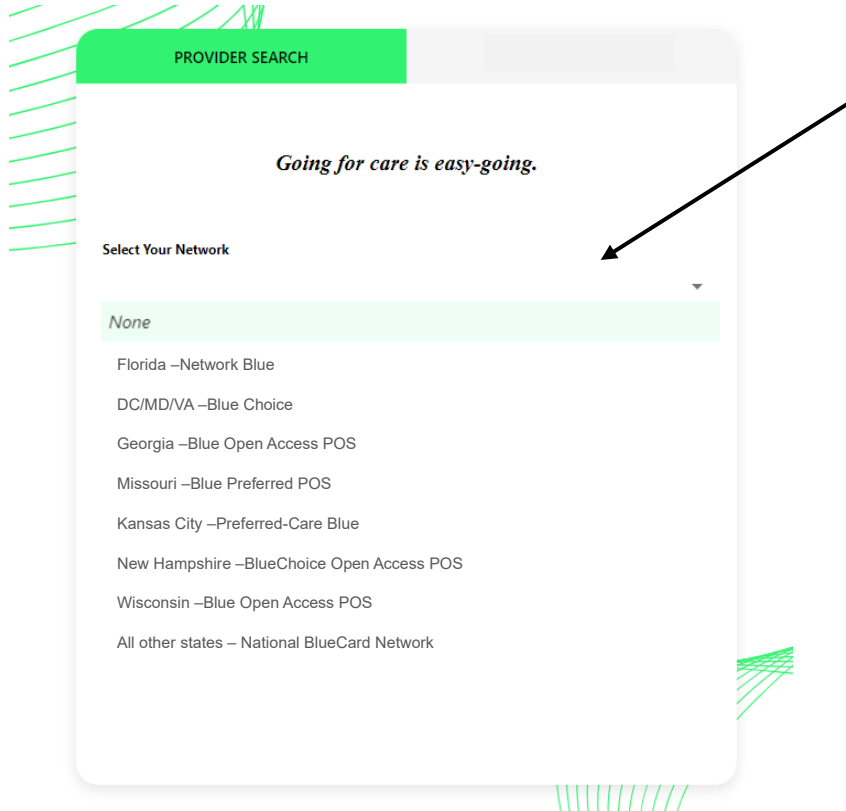

1. Go to <https://employers.coupehealth.com/HealthPro.html> and select either the HealthPro Copay or HealthPro HDHP link.

2. Next, click on the **HealthPro Copay/HDHP Network Provider Directory**

3. Select the drop down under **Select Your Network** and choose your network name. Refer to the list below the screenshot to identify the network you will have based on your residence.

State of Residence	PPO Network Name
All States except those listed below	National BlueCard Network
Florida	Network Blue
Georgia	Blue Open Access POS
DC/MD/VA	BlueChoice
Missouri	Blue Preferred POS
Kansas City	Preferred-Care Blue
New Hampshire	BlueChoice Open Access POS
Wisconsin	Blue Open Access POS

4. Type in the **City/State/Zip Code** where you need to seek care.

The screenshot shows the 'PROVIDER SEARCH' tab selected. The header includes the slogan 'Going for care is easy-going.' Below this, a dropdown menu is set to 'Georgia - Blue Open Access POS'. A text input field labeled 'Find a provider in your network:' contains 'Atlanta, Georgia'. A slider below, labeled 'Set Your Range:', is positioned at 5 miles between 0 and 50 miles. A green 'Search' button is at the bottom. A black arrow points to the 'Atlanta, Georgia' input field. At the bottom, there are two links: 'NEED HELP OR CAN'T FIND YOUR PROVIDER? PLEASE CONTACT THE HEALTH VALET' and 'PREREQUISITES AND DISCLOSURE NOTICE'.

5. Set the distance (miles) you are willing to travel for your service under **Set Your Range**.

This screenshot is identical to the previous one, showing the 'PROVIDER SEARCH' interface. However, a black arrow now points to the slider handle on the 'Set Your Range:' slider, which is currently set to 5 miles. The rest of the interface, including the network selection, location input, and search button, remains the same.

6. Enter the type of doctor, name of doctor, procedure or facility you wish to visit.
